

P-3 Nose Radome REPAIR

In Cooperation with.....

Blue Aerospace is pleased to offer full service repair capability for all versions of the P-3 nose radome via HEICO Repair Group.

Utilizing *in-house* composite bonding and transmissivity testing equipment, HEICO Repair Group performs complete overhaul to current NAVAIR specs. With many years experience in radome repair for a wide range of aircraft platforms, Heico Repair Group is able to achieve significant reduction in both cost and turn time vs. current industry standard.
